From The Secretary Desk

The desired development at grassroots level is always a challenge for us. In spite of various hurdles and uncontrollable factors milestone achievement have been possible by dedication & support of our team of social activists, guidance and support of funding agencies along with community support. As we turn from one year of challenge and accomplishment to another year of

crucial focus on various development issues we take this opportunity to present the annual report for the year 2021-2022. The annual report presents the details of our strategy, intervention, activities, and impact at grass root level. MAA has been playing a key role in initialing and implementing holistic programs in the districts of Jharkhand, it has focused result oriented actions which are amalgamation of several information and components for overall growth. The role of MAA on promoting community based programs related to child rights, Dalit rights, Tribal Rights women empowerment, livelihood enhancement, land rights is praiseworthy. It has successfully practiced combined activism, community sensitization, mobilization, grassroots awareness, CBOs networking, for integrated development of the socially backward, deprived & weaker sections of the society. Focusing on Tribal , Children & Women Rights through creation of mass awareness on constitutional fundamental rights, right to education, rights to health, right to work , livelihood opportunities generation, linkage with social security schemes, linkage with MNREGA, Tribal issues related to land rights, migration, food security, atrocity cases, domestic violence has been raised to sensitize government policies and programs. Focusing on forest rights, income generation programs, linkage with social security schemes, technical support and capacity building programs, community leadership development, livelihood promotion, advocacy with Government Departments, are the key activities continued throughout the year. As we dream vision 2025 of how India will be, the focus is again on Panchayat. In this direction and to take the empowerment of Panchayat through a paradigm shift, MAA proposes the empowerment of Panchayat or Gram Sabha and self governance in long run. We are grateful to all our board members, supporters, esteemed volunteers, staff , co-travelers and donors APF, GGF, Child-line India Foundation, UUHIP, SPWD, for their continuous moral and financial support without which we would not be able to step forward.

Strengthening Gram Sabha

Gram Sabha (GS) is the centre of democratic power in the village and is the centre of activity. The basic philosophy in the concept of Gram Sabha is villagers as a collective body to discuss, decide holistically about the village issues, problems of particular groups etc. Gram Sabha based comprehensive planning to be the basis of self-governance. Unfortunately many state governments dictate the terms of Gram Sabha and limit the scope of Gram Sabha to identification of beneficiaries of few schemes or implementation of Employment, Guarantee schemes (EEGs) JURY. (Panchayat bodies including Gram Sabhas should not be allowed to become the third tier of development administration. The Act has made it mandatory for nine state having scheduled areas to make

specific provisions for giving wide-ranging powers to tribal on matters relating to decision making and development of the community. PESA is trying a crucial legislation to empower the tribal. Despite myriad steps taken by the policymakers to empower Gram Sabha as well as their performance are deviators, due to lack of training and political interference. Gram Sabha is gradually losing its sting. To strengthen the Gram Sabha, the awareness campaign, meetings, workshops, consultation with Gram Pradhan, Mukhiya, elected PRI members are being organized in about 45 villages of Latehar, Garhwa and Palamu districts.

Awareness and Claim filing for CFR/IFR

FRA 2006 recognizes and vests the forest rights and occupation in Forest land in **Forest Dwelling Scheduled Tribes (FDST)** and **Other Traditional Forest Dwellers (OTFD)** who have been residing in such forests for generations. Forest rights can also be claimed by any member or community who has **for at least three generations (75 years) prior to the 13th day of December, 2005 primarily resided in forest land** for bona fide livelihood needs.

- It strengthens the **conservation regime** of the forests while ensuring livelihood and food security of the FDST and OTFD.
- The **Gram Sabha** is the authority to initiate the process for determining the nature and extent of **Individual Forest Rights (IFR)** or **Community Forest Rights (CFR)** or both that may be given to FDST and OTFD.
- The Act identifies **four types of forest rights**:

Title rights: It gives FDST and OTFD the **right to ownership** to land farmed by tribals or forest dwellers subject to a maximum of **4 hectares**. Ownership is only for land that is actually being cultivated by the concerned family and no new lands will be granted.

- **Use rights:** The rights of the dwellers extend to **extracting Minor Forest Produce, grazing areas** etc.
- **Relief and development rights:** To **rehabilitate** in case of illegal eviction or forced displacement and to basic amenities, subject to restrictions for forest protection.
- **Forest management rights:** It includes the right to **protect, regenerate or conserve** or manage any community forest resource which they have been traditionally protecting and conserving for sustainable use.

Mass awareness campaign was organized by support of GGF and Jharkhand Forest Rights Forum in all the panchayats of Badgad block of Garhwa district , Ramgarh, Manatu,, Satbarwa, Lesliganj of Palamu district, as well as in Barwadih blocks of Latehar district, to claim individual and community rights. Under this program, the beneficiaries of forest land were informed about the legal provisions of the Forest Rights Act by holding a meeting with the Panchayat representatives for the formation of forest rights committees in all villages of Badgad block to create maximum lease on forest land. Community rights over the forest were explained, so that the forest community can have rights and can use it for their livelihood. Regular Meetings have been organized with Panchayat representatives, Van Adgikar Samiti, for individual and community claim In this year 2021-22, 63 community forest rights claims and 212 individual forest rights claims were filed

Technical support under the program

The beneficiaries of the lease of forest land are being given information related to making maps for technical help and using GPS for maps and maps. Help is being taken to take photos etc. to attach in the claim letter of the lease beneficiaries of forest land. Along with this, maps, formats are being designed and made available to them by printing or photocopying agreement, so that more and more claim letters can be created. Ways to make the Forest Rights Act reach the community in an effective way: - In order to reach the legal provisions of the Forest Rights Act 2006 to the people of the community, many booklets, posters and other materials related to the Forest Rights Act 2006 and PESA Act were distributed, so that the people of the community Get information about Forest Rights Act 2006. At the same time, the organization organized meetings and workshops with publicity in blocks - Manika, Barwadih of Palamu & Latehar districts to train FRC and Van Mitra to file more and more claims for FRA.

Woman Empowerment

Women Technology Empowerment center: **Support Program for women rights and acts:**

Women Empowerment Program on technology advancement is being implemented for young girls of villages Singra, Jod, Nimian, Pokharaha and other surrounding villages of Medininagar. The program has been started with 40 girls for the purpose of increasing leadership and capacity among girls in the age group of 14-25 years. In this center, such girls have been given opportunity, who are from the weaker section of the society and financially weak, efforts are being made to make these girls aware of the technology by connecting them with computer education, Along with this, by conducting workshops from time to time the girls were made aware about their rights, livelihood skills, self decision maker and self reliant. **Coordination with the government:** - To implement the Forest Rights Act 2006, the organization is continuously conducting public consultations with the district and sub-divisional and district level committees regarding the claim letters, along with the members of the sub-division and district level committees are being given the Forest Rights Act 2006. Apart from this, other information is also being given, along with, communication is being established with the concerned officers up to the block, sub-division and district level committee regarding the acceptance and errors of the claims submitted in the sub-divisional level committee.

In collaboration with **Aali**, the organization is providing awareness, legal information and support women for justice . To provide justice to these women, the organization help by coordinating with the police stations and judicial institutions The organization coordinates with the judicial institutions by conducting case studies of women harassed by women violence through its case workers in these identified blocks of Satrabwa, Medininagar, Bishrampur and Chainpur blocks of Palamu

Along with this, legal information is also being given to women by holding meetings at the village level to make them aware of women's violence and women's rights law. Apart from this, such programs are also being run in Latehar and Garhwa blocks. Under this program, in this financial year cases of domestic violence and cases including female harassment, molestation, and witchcraft torture were reported. provided legal advice and support to women with the help of the Case Worker On the other hand, in many cases related to atrocities of women in the three districts of Latehar, Garhwa and Palamu of Palamu division, fact finding and correspondence with the concerned departments and institutions has been done.
